Session 1: Medicine

Study on the Mathematical Relationship between the Fibonacci Sequence and Luoshu
Zhao-Xue CHEN, Lian JIANG ................................................................. 1

Efficacy of Swallowing Training Combined with Nutritional Intervention on Quality of Life in Laryngeal Cancer Patients with Dysphagia
Jian-Feng WANG, Da-Hai LIU ............................................................... 2

Efficacy of Comprehensive Rehabilitation on Quality of Life in Elderly Head and Neck Cancer Patients after Radiotherapy
Jian-Feng WANG, Qing-Jia Sun, Da-Hai LIU ............................................. 3

26 Cases of Intractable Membranous Nephropathy Glucocorticoid Combined Gilad Amine Clinical Curative Effect Observation
Si-Qi ZHANG, Rui-Si XU, Jian YIN .......................................................... 4

Clinical Research about Patients Who Use Lobaplatin during Breast Conserving Surgery
Tong SUN, Li-Ying QU, Guang SUN ....................................................... 5

Risk Factors and Intervention Measures of Occupational Exposure of Medical Staffs
Li-Ying QU, Yu-Xi JIA, Guang SUN ....................................................... 6

Study on the Application of Undecylenamide Propyl Betaine and Polyhexamidine in the Incision of Breast Abscess
Ya-Yun MIAO, Guang SUN, Yu-Xi JIA ..................................................... 7

The Influence of Empathy Nursing on the Improvement of the Negative Emotions of Young Breast Cancer Patients
Li-Ying QU, Ying-Ying WANG, Guang SUN ........................................... 8

The Effect of Arita in Postoperative Drainage of Patients with Breast Cancer Modified Radical Surgery
Tong SUN, Li-Ying QU, Guang SUN ....................................................... 9
Use of Undecylenamide Propyl Betaine and Polyhexamidine in the Treatment of Mammary Abscess with Mammotome System
Ya-Yun MIAO, Guang SUN, Yu-Xi JIA

Efficacy of Aidi Injection Combined with Chemotherapy in the Treatment of Advanced Epithelial Ovarian Cancer
Cong YE, Jun-Rong WANG, Yu-Bo HU

A Comparison of the Effect of Caebetocin and Ergonovine Combination with Oxytocin in Preventing Postpartum Haemorrhage
Cong YE, Yu-Bo HU, Jun-Rong WANG

Significance and Changes of AGR2 Level in Tissue and Serum of Patients with Cervical Cancer before and after Operation
Cong YE, Jun-Rong WANG, Yu-Bo HU

Intraoperative Nursing Cooperation for Electromagnetic Image-Guided Endoscopic Sinus Surgery
Jing ZHAO, Yan-Qiu ZHANG, Feng ZHAO

Observation on the Effect of Uterine Artery Embolization Combined with Hysteroscopy in the Treatment of Cesarean Scar Pregnancy
Jun-Rong WANG, Yu-Bo HU, Cong YE

A Comparative Study of Lobaplatin and Cisplatin in the Treatment of Advanced Ovarian Cancer Undergoing Hyperthermic Intraperitoneal Chemotherapy Combined with Intravenous Chemotherapy
Cong Ye, Yu-Bo HU, Ming-Hui FAN

A Retrospective Analysis of the Risks of Intraductal Lesions in Patients without Pathological Nipple Discharge (PND)
Dan-Dan ZHENG, Ying-Nan CUI, Zi-Rui KE, Lei-Hua SHEN, Ke-Ren WANG, Zhao-Ying YANG

Thermal Sensory Analysis of Cervical and Thoracic Temperature Sensibility in Female with Breast Pain
Dan-Dan ZHENG, Zhao-Ying YANG, Hong-Li XU, Peng LI, Yu-Qin YE, Ke-Ren WANG

Efficacy of Fractional Carbon Dioxide Laser Followed by Ultrasound Introduction of Diprospan on Vitiligo
Ming-Wei ZHOU, Jie HOU, Xiang-Lan LI, Yu-Xi JIA

Neogenin Inhibits Migration, Invasion and Metastasis in Breast Cancer
Wan-Ying XING, Qiang LI, Guang SUN, Rang-Juan CAO

Role of Neogenin in Regulating Proliferation and Apoptosis in Breast Cancer
Wan-Ying XING, Qiang LI, Guang SUN, Rang-Juan CAO

Pathological Analysis of 2865 Cases of Intraductal Papillary Lesions by Ductoscopy
Wan-Ying XING, Qiang LI, Guang SUN, Cheng-Wei JIANG, Rang-Juan CAO

Progress in CD80 and Glomerular Micropathy
Si-Qi ZHANG, Rui-Si XU, Jian YIN
Progress in the Mechanism of IgA Nephropathy Renal Injury
Si-Qi ZHANG, Rui-Si XU, Jian YIN ................................................................. 24

Research Progress on the Correlation between SLE and Malignant Tumor
Si-Qi ZHANG, Rui-Si XU, Jian YIN ................................................................. 25

Intravenous Thrombolytic Therapy for Deep Venous Thrombosis of the Lower Extremities
Jian YIN, Rui-Si XU, Si-Qi ZHANG ................................................................. 26

Study on the Correlation of Diabetic Lower Extremity Artery Disease and Prognosis
Jian YIN, Rui-Si XU, Si-Qi ZHANG ................................................................. 27

Effect of Exogenous Expression of VEGF165b on the Invasiveness of Human Bladder Cancer T24 Cells
Jian YIN, Rui-Si XU, Si-Qi ZHANG ................................................................. 28

Jian YIN, Rui-Si XU, Si-Qi ZHANG ................................................................. 29

Clinical Study of Low Dose Urokinase Combined with Low Molecular Weight Heparin in the Treatment of Deep Venous Thrombosis of the Lower Extremities
Jian YIN, Rui-Si XU, Si-Qi ZHANG ................................................................. 30

The Roles of Exosomes Related to Some Oral Diseases
Shi-Qin WANG, Hui-Zhen HU, Gui-Jun SUN, Jia-Jia JIN, Xiang-Yi HE ................ 31

DCC-mediated Inhibition of Progression in Breast Cancer
Wan-Ying XING, Qiang LI, Guang SUN, Rang-Juan CAO ................................ 32

Clinical Application Research on the Use of Prontosan Wound Irrigation Solution in Minimally Invasive Treatment of Breast Abscess Patients
Jie GAO, Hong-Li XU, Ke-Ren Wang, Guang SUN ........................................ 33

NMR-based Metabonomic Studies on Intervention Effects of Zuojin Pill on Stomach Heat Syndrome in Rats
Meng-Juan GONG, Shu-Mei WANG, Sheng-Wang LIANG, Zhong-Jie ZOU .......... 34

Safety Problems and Intervention Measures of Medication in Chinese Elderly
Xin-Yu MA, Min ZHANG, Ji-Dong LIU .......................................................... 35

The Effects of Memory Rehabilitation in Patients with Vascular Dementia
Shuang WANG, Hong-Jun ZHANG, Li-Huan LIU, Li-Ya A, Chun-Li MEI ............. 36

Research Progress of Care Bundles in Nursing Practice
Ming-Juan ZHANG, Chun-Xiao FANG, Chang-Ping SONG ................................ 37

Research Progress of Aerobic Endurance Training on Cardiac Rehabilitation in Patients with Chronic Heart Failure
Shu-Yun ZHENG, Ming-Juan ZHANG ............................................................ 38
The Effects of Rehabilitation of Life in Patients with Care Bundle for Stroke Swallowing Dysfunction
Li-Ya A, Li-Huan LIU, Shuang WANG, Hong-Jun ZHANG, Chun-Li MEI ........................................... 39

Application of Rehabilitation Nursing in Patients with Vascular Dementia
Li-Huan LIU, Li-Ya A, Shuang WANG, Hong-Jun ZHANG, Chun-Li MEI ........................................... 40

Catalyzed Synthesis and Cytoprotective Activity of 5-(furan-2-yl)-3-Phenyl-Isoxazole
Yan-Qing MIAO, Yi-Bing LI, Xiao-Wei YANG, Ying TANG, Chun-Ye LIU, Bei QIN ................................. 41

Relationship between Self-perception Burden and Sleep in Patients with Chronic Heart Failure in China
Fang-Yuan SHEN, Yan SONG, Xing-Yun SONG ................................................................. 42

The Design and Practice of Process Guidance Method in Basic Nursing Standardization Skills Training
Shu-Yun ZHENG, Ming-Juan ZHANG ................................................................. 43

Action Video Games Influence on Audiovisual Integration in Visual Selective Attention Condition
Yu-Lin GAO, Sheng-Hao ZHANG, Yang ZHANG, Ming-Xin WANG, Yu-Xuan Li,
Zhen-Ni WANG, Yu-Chen LIU, Ke-Xin LIU1, Ruo-Nan CONG, Yu-Bo HU, Cong YE .......................... 44

Research Progress on Capacity Management in Patients with Chronic Heart Failure
Ming-Juan ZHANG, Chun-Xiao FANG, Chang-Ping SONG ................................................................. 45

Studies and Legislation on Euthanasia in China
Tao WU, Shan-Shan MEI, Juan SONG .............................................................................................. 46

Optimization of Situ Thermosensitive Hydrogel System for Intranasal Delivery
Xiang-Yun LIU, Lei-Meng-Yuan TANG, Ai-Cheng WANG, Ya-Ying CAO, Xue-Jie QI ............................ 47

Simultaneous Evaluation of Inhibition on Human CYP450 of Asarum Volatile Oil by a Cocktail Approach
Lei ZHANG, Li-Fang ZHOU, Tong ZHANG, Ai-Hong YANG ................................................................. 48

Docking Studies on a Series of Polo-Like Kinase 4 Inhibitors
Ru DING, Juan LIU, Rong TAN, Yuan LIU, Ping YI ............................................................................. 49

Protein-based Alignment in 3D-QSAR of Polo-Like Kinase 4 Inhibitors
Ru DING, Yuan LIU, Juan LIU, Rong TAN, Ping YI ............................................................................. 50

The Effects of Movement Methods on Patients with Idiopathic Facial Paralysis
Hong-Jun ZHANG, Shuang WANG, Li-Huan LIU, Li-Ya A, Chun-Li MEI ........................................... 51

Analysis of Causes of Mastitis and Assessment of Antibiotic Resistance Patterns in China
Wan-Ying XING, Qiang LI, Guang SUN, Rang-Juan CAO ................................................................. 52

Characteristics and Analysis of External Treatment of Vitiligo in Traditional Chinese Medicine
Hui ZHAO, Ming-San MIAO ............................................................................................................... 53

Clinical Efficacy of Kang’ai Injection Combined with Chemotherapy in Treating Advanced Cervical Cancer
Cong YE, Jun-Rong WANG, Ming-Hui FAN, Yu-Bo HU ................................................................. 54
Prognostic Value and Changes of Serum Connective Tissue Growth Factor before and after Operation in Ovarian Cancer Patients
Cong YE, Jun-Rong WANG, Ming-Hui FAN, Yu-Bo HU .............................................................. 55

Retrospective Analysis of Risk Factors for Length of Stay in Intensive Care Unit and Survival Outcome from Premature Infants with Premature Rupture of Membranes
Cong YE, Jun-Rong WANG, Ming-Hui FAN, Yu-Bo HU .............................................................. 56

Analysis of Medicinal Value of Paulownia Flower
Hui-Yuan HUANG, Ming-San MIAO ......................................................................................... 57

Effect of Total Flavonoids of Herba Lysimachiae on Hyperuricemia in Mice Model
Meng-Yan LI, Ming BAI, Shu-Yan YU, Ming-San MIAO ....................................................... 58

Effect of Raspberry on Osteoporosis Model in Ovariectomized Rats
Ming-San MIAO, Hui ZHAO, Meng-Fei ZHANG ................................................................. 59

Modern Research Progress of Jujube Leaves
Chen-Yang GUO, Ming BAI, Yan-Yan MIAO, Ming-San MIAO ............................................. 60

The Effects of Huangqi Dihuang Pill on Immune Function of Immunosuppression Mice
Meng-Fan PENG, Bao-Song LIU, Ya-Juan WEN, Ming-San MIAO ........................................ 61

Analysis of the Application Value of Peony Flower
Zhen-Zhen WEI, Xiao-Yan FANG, Ming-San MIAO .............................................................. 62

Observation on Current Situation of Higher Pharmaceutical Education in China from a New Perspective
Xiang-Ling GU, Yao-Lin LIU, Hai-Yan LIU, Ji-Wei WU, Kai-Wen ZHOU, Chun-Hui LI ........ 63

The Application Progress of MicroRNA in Cerebral Ischemia-reperfusion Injury
Yuan ZHANG, Ke MENG, Ying XING ...................................................................................... 64

Preparation and Application Possibility of Sodium Alginate/Chitosan Polyelectrolyte Membrane
Jun-Fu WANG, Zhao-Qing LI, Li-Ju TAN, Jian-Lei CHEN, Hai-Lu FU .................................... 65

Modern Research and Application of Ginseng Flower
Rui ZHANG, Ming BAI, Yan-Yan MIAO, Ming-San Miao ....................................................... 66

Correlation between Serum Estradiol and Lung Cancer in Chinese Population
You-Yun FU, Xiao-Jing LIN, You-Qi-Le WU, Xue-Mei LIAN .................................................. 67

Application of Acute Hypervolemic Hemodilution Combined with Nitroglycerin Controlled Hypotension in the Elderly Patients
Yang Yang, Shuang QI ........................................................................................................... 68

Direct Electron Transfer of Catalase and its Biosensing for H2O2
Yan-Na NING, Bao-Lin XIAO, Di LI, Jun HONG .................................................................. 69

Diagnosis and Treatment Analysis of Hilar Cholangiocarcinoma-Attached with an 18-case Report
Xiao-Xiao YAO, Dan ZHANG, Guang-Qiang YOU .............................................................. 70
On Postcholecystectomy Syndrome
Xiao-Xiao YAO, Dan ZHANG, Guang-Qiang YOU ................................................................. 71

Report on one Case of Multiple Primary Carcinoma
Xiao-Xiao YAO, Dan ZHANG, Guang-Qiang YOU ................................................................. 72

Experimental Study on the Effect of Shugan Jianghuo Granule on Hypertensive Rats with Hyperactivity of Liver Fire
Can CUI, Zhao-Yun CHEN, Li-Hua ZHOU, Cui-Ping LI ............................................................. 73

Experimental Study on the Effect of Shugan Jianghuo Granule on Related Indexes of Rats with Liver-fire Hypertension Syndrome
Can CUI, Jing FENG, Bo-Li JIN, Jiao LI, Li-Hua ZHOU ........................................................... 74

Adsorption Performance of β-cyclodextrin and γ-cyclodextrin for Chlorpyrifos and Methomyl
Ya-Jun LI, Yong-Chun LIU ........................................................................................................ 75

Usefulness of 18F-FDG PET/CT for Evaluating Response of Breast Cancer to Neoadjuvant Therapy
Wan-Ying XING, Qiang Li, Guang SUN, Rang-Juan CAO, Bin CHEN ........................................ 76

The Effect of Polyhexamethylene Biguanide Complex Irrigation in Polyacrylamide Hydrogel Removal Operation of Breast
Qiang LI, Lei MA, Wan-Ying XING, Ke-Ren WANG, Yue WANG .............................................. 77

18F-FDG PET/CT of Breast Cancer for Preoperative Evaluation of Sentinel Node Metastasis
Wan-Ying XING, Qiang Li, Guang SUN, Rang-Juan CAO, Bin CHEN ........................................ 78

Pathological Analysis of Non-cancerous Lesion in Breast with Abnormal FDG Absorption in 18F-FDG PET/CT Test
Wan-Ying XING, Qiang Li, Guang SUN, Rang-Juan CAO, Bin CHEN, Cheng-Wei JIANG, Lei MA ··· 79

Session 2: Bioinformatics

Temperature Characteristics and Compensation of PET Detector
Kang YIN, Kun LIU, Xiao-Ke ZHANG, Shuang LIU, Lin-Yan XUE, Shuang-Wei XIE, Jin-Min HU, Kun YANG .......................................................... 80

The Fuzzy Pattern Recognition for Motor Imagery EEG
Ming-Ai LI, Hai-Na LIU, Yan-Jun SUN, Ruo-Tu WANG ............................................................. 81
Session 3: Biomedical Engineering

Isosbestic Point of Traditional Chinese Medicine Injections (TCMIs) and Its Practice in Evaluating TCMIs’ Stability
Yue LI, Liang GUO, Hua YIN, Yi ZHANG, Wei-Gang DUAN ............................................. 82

A Method for the Measurement of Second Heart Sound Split Based on Modified S Transform
Qing-Shu LIU, Xiao-Mei WU .......................................................... 83

The Catalytic Performance of Penicillin G Acylase in Different Organic Solvents
Dong-Lei LIU, Zhen-Bin CHEN, Zhen LIU .............................................. 84

Infection Regularity of Rhesus Cytomegalovirus in Indigenous RhCMV Rhesus Monkey Model
Liang-Qin SHI, Qi-Hui LUO, Xiao-Li LI, Chao HUANG, Yu XIA, Wen ZENG, Wen-Tao LIU, Zheng-Li CHEN ........................................ 85

Antioxidant Properties of Different Molecular Weight Polysaccharides from Seaweed Sargassum Fusiform
Da GUO, Feng-Xin WANG, Yu-Shan XI, Jian-Ming OUYANG .......................................... 86

Differences in Adsorption of Anionic, Cationic and Nonionic Surfactants on Calcium Oxalate Crystals: Effect of Crystal Size
Ling-Hong HUANG, Chen-Ying RAO, Jian-Ming OUYANG ........................................ 87

Effects of Tea Polysaccharide on Crystallization of Calcium Oxalate
Fang HUANG, Xin-Yuan SUN, Jian-Ming OUYANG .................................................. 88

Depression Status and Influencing Factors among the Rural Poor Elderly in Poverty-stricken Townships
Jian HU, Meng-Qin HE ............................................................... 89

Detection of EPA and DHA in the Viscera of Marine Organisms
De-Yong ZHANG, Xiao-Lu XU, Yin LU, Xiu-Ying SHEN ........................................ 90

In Vitro Neurotoxicity Evaluation of Betel Nut Decoction on the Neurons/Astrocytes Co-cultured Cells
Chao-Ting WEN, Ji-Xian ZHANG, Hai-Hui ZHANG, Chun-Chun YIN, Yu-Qing DUAN .......... 91
